RE: Closure Assessment
One Stop
931 W. Harrison ST.
Reidsville, NC 27320
Rockingham County

Dear Sir:

McAlister Oil Co. of Reidsville removed all of the product from the tanks. Dry ice was used to defume the tanks. Charles Fagge, Fire Marshall of the Reidsville Fire Dept., supervised the removal of the tanks and the taking of the soil samples. Soil samples were taken by driving a 1" x 3" cylinder supplied by Guilford Labs of Greensboro, NC. The samples were sealed and placed on ice for transportation.

The dispensers were close enough to the tank farm that no sample was required.

The tanks were labeled and taken to 163 Manley Farm Rd., Reidsville, NC.

The tanks have been cut up and sold for scrap to Levin Bros. in Burlington, NC.

Very truly yours,

Joe Niemczura
